- wedi Sanoasa – Multi-centre and cabins

## Spa and wellness projects

- Development of ideas and building planning with architects and builders
- Bespoke tailor made service
- Innovative and modular pre-fabricated systems
- High-performance network in all trades
- On-site consultancy and technical support

## Building systems

- wedi building board solutions
- wedi floor-level showers
- wedi tiling systems

# Id of wedi

## wedi building board systems

wedi building boards have a blue core made from CFC-free extruded polystyrene rigid foam. This makes the wedi building board an ideal basis for any type of plaster and tile. wedi building boards can be applied to practically any substrate, are waterproof, insulating, versatile, lightweight and robust.

## What does wedi INSIDE offer?

The principle of wedi INSIDE is simple: high-quality ceramic covers require a substrate that is 100 % secure. That's why craftsmen have put their faith in the unique wedi quality for decades, especially for substrates underneath tiles. 100 % waterproof and 100 % secure – signed, sealed, and guaranteed by wedi.

# With safety: With system

## Building boards & wedi 610

abP tested: wedi 610 seals joints between boards and makes them waterproof without the need to use any other products. This saves time and money and increases the safety of the system.

## Bases incl. drain system

At wedi, the appropriate drain system is available for each of the numerous floor elements: With proper installation, the waterproofness of the entire system is guaranteed by wedi.

## Complete wet room

Wall or floor, shower or bath, shelves or bathroom furniture – with the comprehensive system range, wedi offers a modular and completely coordinated total system.

## Individual production

wedi's system promise does not end with the standard programme. Enrich the wet room with simple or complex designs. wedi manufactures each individual desired element at the factory so that the final installation can be more efficient on site.

## Plug & Play systems

These wedi systems offer all in one: Water tight basic material, individual designs as well as the complete technical installation. From electrical wiring to heating functions to taps, everything is already pre-installed and can be used immediately at the construction site with little time and effort.

## Spa and wellness projects

Expertise from one source incl. planning, production and installation. wedi is the best partner in the project business for private and commercial spa projects. Thanks to intelligent product systems and global network partners, high quality with little time, effort and risk is always ensured.

## Accessories & extras

Everything from wedi: Cleverly conceived accessories and practical aids to installing, decoupling, waterproofing, bonding and for impact sound deadening ensure more safety on every construction site.

## Complete systems for almost every area of application

In private bathrooms, in high quality spa areas or in complete wellness facilities – for more than 30 years, wedi customers have trusted the premium quality of modular product systems. wedi not only offer individual products, but also offer fully coordinated products and guaranteed safe systems.
